The PATRIARCH and His VISION

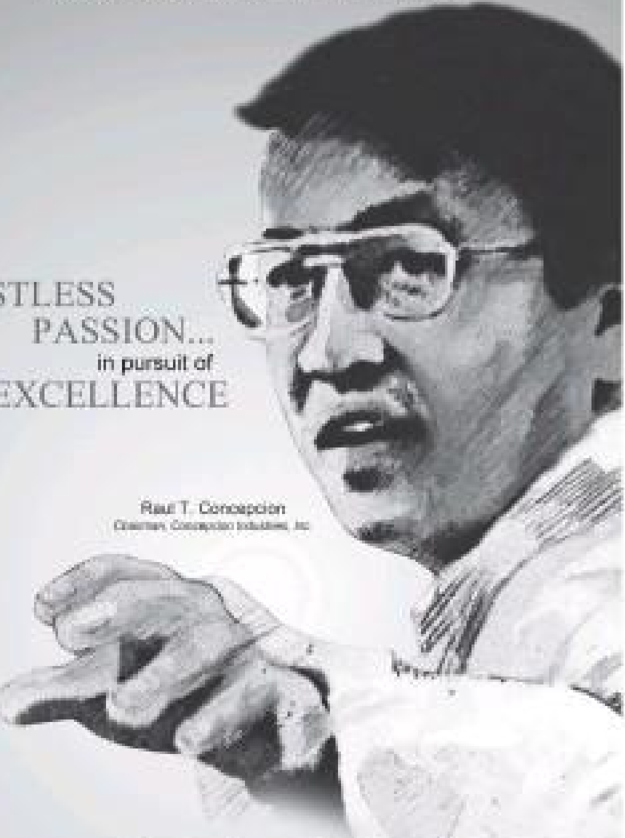
"EVERYTHING
we will ever do,
we will do in the name of
EXCELLENCE"

- Jose N. Concepcion Sr.
Founder, Concepcion Industries, Inc.

50 years ago, at age 60, Jose N. Concepcion Sr. founded Concepcion Industries, Inc.
to fulfill his vision of Philippine entrepreneurship and industrialization.
His time-tested personal and work values
hardwork, integrity, attention to detail, passion for excellence
formed the backbone of what today is the biggest Filipino appliance company.

50 years later...
the PASSION for EXCELLENCE
throbs stronger even.

The Second Generation: LOCAL TO GLOBAL



RESTLESS PASSION... in pursuit of EXCELLENCE

Raul T. Concepcion
Chairman, Concepcion Industries, Inc.

[illegible]
[illegible]

[illegible]
[illegible]

Raul T. Concepcion, taking over from his father, saw the need to be globally competitive.
His blueprint included a comprehensive vertical integration program, international linkaging
and putting up two state-of-the-art manufacturing facilities for refrigerators and air conditioners.
In a bold move, CII went from being a licensee to a joint venture partner of Carrier USA with the formation
of Concepcion Carrier Air Conditioning Company. Recently, he acquired controlling interest in the joint venture.

True to his dictum of local to global, Raul T. Concepcion created,
nurtured and grew a Filipino appliance brand, Condura.
It is today the largest selling refrigerator line.

The Third Generation:

THE LEGACY LIVES ON.

EXCELLENCE begets LEADERSHIP...

No two ways about it.

Raul Joseph Concepcion
President, Concepcion Industries, Inc.
President/CEO
Concepcion Carrier Air Conditioning Co.

Renna Hechanova Angeles
Director, Concepcion Industries, Inc.
Vice Chair, Concepcion Durables, Inc.

Rafael Concepcion Hechanova Jr.
VP Sales and Marketing,
Concepcion Carrier Air Conditioning Co.

Raul Anthony Concepcion
Director, Concepcion Industries, Inc.
President, Concepcion Durables, Inc.

BRINGING EXCELLENCE TO HIGHER LEVELS OF ACHIEVEMENT -
this is the challenge to the third generation of Concepcions
that include Raul Stephen Concepcion, VP Finance, Concepcion Industries Group of Companies
and Raul Patrick Concepcion, VP Service and Customer Relations, Concepcion Industries.

Armed with the traditions of their elders, gifted with new global insights
and steeped in today's technology environment,
this third generation is meeting the challenge head on.

Today, Concepcion Industries, Inc. is a formidable player in the appliance industry.
Its brands have become household names:
Carrier, Kelvinator... and the jewel in the crown: Condura.
Condura is the only Filipino appliance brand in the market today.
It leads the refrigerator category and is a strong player in air conditioning.

Stroke rehab: Some hearty news

AN APPLE A DAY

By TYRONE M. REYES, M.D.

Until recently, scientists thought that when a region of the brain is damaged, its function was lost forever. But sophisticated imaging scans of the brain at work have since revealed that it can reorganize itself after injury so that when nerve cells die, their functions are taken over by other cells.

How love improves your health

Love can even help fight cancer. A new study on ovarian cancer by the University of Iowa showed that those with strong family/social support or satisfying relationships had vigorous 'natural killer' cell activity at the tumor site.

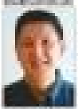
Living in the boondocks



How I wish government would create the necessary transportation and other supporting infrastructures that will give people the choice of living outside the city. How I also wish that families would proactively choose to live closer to nature.
